- *No additions*

**Approval minutes** - Did everyone read the minutes from the previous meeting?

- *Yes, everything in order.*

### [Get feedback from the TA regarding the backlog] – [discuss/inform]

- *Good backlog, no major feedback points except the missing epics regarding user stories and. Remove the user stories from the perspective of the developer, does not make sense. More feedback shared on **MATTERMOST**.*
- *Having received the feedback, an action item was created in order to apply the feedback given.*

### [Git Installment] – [discuss/brainstorm]

- *Everyone installed SSH and is aware about the git (individual) assignment deadline that is on Friday.*
- *Discussed the importance of the git branches that prevent committing changes into main.*

### [Thoughts about last lecture] – [discuss/brainstorm]

- *Not everyone managed to set up the environment needed to get working on the project.*
- *Everyone should review the lectures so we can get more familiar with the applications while completing the assignments.*
- *An action item was created in order to make sure everyone solves the issues until the next meeting.*

### [Questions for the TA] – [discuss]

*Where do we need to upload the final version of the backlog.*

- *Unless stated, the same folder.*

*Is the code of conduct graded?*

- *No, the code of conduct is NOT graded.*

*Should we focus more on UI (User Interface) or OOP (Object Oriented Programming)?*

- *OOP*

*Will we get an official backlog?*

- *Yes, in order to make sure all teams start from the same base the TA will provide us an official backlog.*

### [Planning the next meeting] – [discuss/decision making]

- *A new meeting is planned for THURSDAY, 2<sup>nd</sup> MARCH, after the JAVA FX lesson in order to decide what part do we prefer to work on the project more and get started with working.*

### Summary of action points – Who, what, when? Overview of the division of tasks
