

COVERAGE REPORT

These are screenshots of the IntelliJ coverage numbers, where all JavaFX controller classes have been omitted, due to them not being testable for this course. Unfortunately, when creating an HTML render of the coverage report, those omissions are not taken into account.

Coverage: Tests in 'quizzzz.commonstest' x

Element	Class, %	Method, %	Line, % ▲
▼ all	66% (94/142)	68% (548/796)	64% (1656/2580)
